- ASPCA Animal Poison Control Center's Household Plant Reference. The ASPCA Animal Poison Control Center has a recently revised companion animal-oriented household and yard plant reference. This 67-page bound publication is indexed and includes sections for toxic, potentially toxic and nontoxic plants. It summarizes information from many literature and research resources, as well as the ASPCA APCC database. The Household Plant Reference is available for \$15, including postage and handling. To obtain a copy send your name and address with a check for \$15 to: ASPCA National Animal Poison Control Center 1717 South Philo Road, Suite #36 Urbana, IL 61802
