Enjoy backyard living with your cat at your side.

By Tom Barthel

The popularity of backyard living and entertaining has grown dramatically over the last decade. As homes grow smaller and people search for better ways to use space, they invariably look to the back yard. Bring your cat with you and create a garden environment you both can enjoy.

If you have a secure, escape-proof back yard or an enclosure for your cat, you can add several plants and elements to the environment to enrich the space for both of you. Before adding plants to the landscape, consult a list of toxic plants to ensure your garden won't make your cat sick.
