Cats Outsmarted in Psychologist's Test

It will cause outrage among some cat owners, but research suggests the pets are not as clever as some humans assumed – or at least they think in a way we have yet to fathom, reports Guardian.com.uk.

Cat Urinating on Laptop May Have Sparked House Fire

Fire crews are investigating whether a cat urinating on a laptop sparked a fire that has destroyed most of a home in an Australian gated community, Couriermail.com.au reports.
