Wag Hotels is offering a lifetime gift on boarding and daycare services at its San Francisco and Sacramento facilities for any cat or dog adopted from a nonprofit animal rescue or adoption agency. Adoption must have taken place after Aug. 19.

“At our core we are dedicated to companion animals and their care and well-being,” said Richard Groberg, president and chief executive officer. “Encouraging the adoption of homeless dogs and cats from shelters and rescue agencies is an important part of our commitment to the community. And, with our lifetime offer to these adopted pets, we can give something tangible directly to our furry friends and their new parents.”

Qualifying pets receive 15 percent off all Wag Hotels boarding and daycare-related services for the lifetime of the adopted pet and the opportunity to play for free in Wag Hotels All Day Play, the hotel's daycare program.
