

## Artists Cat Masterpieces Grace the Pages of Childrens Book

**Warren Kimbles folk art will be The Cats Meow for kids everywhere.**

Featuring full-page renditions of his popular cat paintings, The Cats Meow will enchant preschool-aged children. The stylized cats accompany simple word phrases crafted to elicit smiles from readers.

Throughout the 22 pages, 11 cats captivate readers in poses that range from lazy to playful, happy to proud. In typical Kimble style, the paintings show the humorous and endearing characteristics of our favorite pets. Short phrases describe the art; for example, the words mat cat accompany a painting of, you guessed it, a cat on a mat.

Cat lovers and Kimble fans will enjoy reading this book to their children and grandchildren and will delight in this collection of Kimbles cat masterpieces. Posted: April 20, 2006, 5:00 a.m. EST
