

Cat Litter Company Offers Free Adoption Starter Kits

The promotion is in support of the ASPCA's Adopt-A-Shelter-Cat Month.

In support of the American Society for the Prevention of Cruelty to Animals (ASPCA) Adopt-a-Shelter-Cat Month in June, cat litter company Fresh Step is helping find homes for cats living in shelters while simultaneously helping cat owners maintain a fresh home.

Throughout June, Fresh Step is offering free cat adoption starter kits to new cat owners. The kits include a brochure titled Welcome Home Kitty! that gives tips and advice for caring for cats packaged in a litterbox.

It also includes a free 14-pound box of Fresh Step Scoopable Cat Litter with Odor-Eliminating Carbon, a litter scoop, picture frame and toy for your cat.

To receive a free adoption starter kit while supplies last, or to get information on cat care tips, log onto www.freshstep.com/adoption and follow the directions for submitting your cat adoption paperwork.
