

## PetSmart Launches Earth Day Recycling Drive

**Customers can donate old ink cartridges and cell phones to help pets.**

Posted: April 22, 2008 2 a.m. EDT

If you have old ink and toner cartridges or an old cell phone you don't use, pitch them in a recycling bag provided by PetSmart.

In honor of Earth Day (April 22), PetSmart locations are providing prepaid recycling bags you can pick up, toss old cartridges and phones in, and send. This simple task not only reduces the clutter in your home but also generates a \$2 donation for every inkjet cartridge and \$5 for every laser cartridge for PetsMart charities.

Customers can visit [Cartridges and Phones.com](http://Cartridges and Phones.com) to purchase refilled inkjet and laser cartridges and refurbished cell phones at up to a 70 percent discount while generating a \$2 or more donation to PetSmart Charities.

To learn more, visit the [PetSmart Charities website](http://PetSmart Charities website).
