Ireland Boasts Luxury Cat Village

Despite talk of a downturn in the economy, a new five-star holiday village for cats is doing a roaring trade, the Evening Herald (Ireland) reports.

Diet Can Affect a Pet's Long-Term Health

Fat cats and diabetes go together. Exacerbating the problem are commercial diets that are heavy in cereal-based carbohydrates – not exactly a natural choice for a carnivore such as the cat, Newsday reports.

Treatment Can Help Cats with Hyperthyroid Disease

Cats suffering from hyperthyroidism are usually mature, and both male and female cats may be affected equally, the Pittsburgh Tribune-Review reports.
